

## Seventh Grade Math

acute triangle  
area of complex shapes  
area of irregular shapes  
box & whisker plot  
equiangular triangle  
equilateral triangle  
exponential notation  
exponents  
inequalities (number line)  
integer  
isosceles triangle  
linear equation  
multi-step equations  
obtuse triangle  
opposite  
percents (above 100, below 1)  
pi (approximation, i.e. 3.14,  $\frac{22}{7}$ )  
rational numbers  
regular polygon  
right triangle  
scale factor  
scalene triangle  
scatter plots  
similarity  
surface area
