

## **Graduation Paths and Requirements**

*All students will pursue a focused program of study preparing them for postsecondary study in either university or technical training. While all students may not enter postsecondary training immediately following high school, they must be prepared for life-long learning. The paths will be flexible so a student can change paths, if needed. Students must successfully complete the Gateway examinations in order to receive a regular education diploma.*

<b>Curriculum</b>	<b>University</b>	<b>Path Dual Path</b>	<b>Technical Path</b>
English	4 units	4 units	4 units
Mathematics	3 units Algebra I, Algebra II, and Geometry or Other Advanced	3 units Math Course Algebra I, Algebra II, and Geometry or Other Advanced	3 units Math Course Must include Algebra I and Geometry and one other science credit (Foundations 2 or Algebra 2)
