Principal

Mission Statement

Our mission is to engage all learners in meaningful lessons that promote high educational achievement in a safe and nurturing environment

Vision

CMS – Empowering Learners to Achieve Life-long Success

Crestview Middle School is a public school serving grades 5-8 in the Tipton County school district in West Tennessee. We house approximately 800 students and 75 faculty and staff

members. The State of Tennessee Department of Education rates us a safe school. You can read more about our school online at

<http://www.tipton-county.com/cms/cmsreportcard.pdf>

Crestview Middle School strives to provide families with current information that will assist and support student success. We host an informational school website at

<http://www.tipton-county.com/cms/>

We send home “The Crestview Connection – A Newsletter Connecting School and Home” with all students once a month. This newsletter is also posted on our school’s website. All of our teachers have email addresses that can be accessed from our website, as well. We host an “Open House” early in the fall and parent-teacher conferences throughout the school year. We have an “open door” policy for all our stakeholders and we welcome your calls, emails, and visits. We want you to stay informed of and involved with your child’s school. You can view our middle school curriculum standards online at

http://www.tipton-county.com/ms_frame.htm

Curriculum guides and student accomplishments are also kept on file to view upon your request. Crestview Middle School houses a satellite office of the Tipton County Family Learning Center where parents can find a wide variety of informational packets and brochures.

Crestview Middle School follows the rules and regulations set forth in the Tipton County Student Handbook. Handbooks are issued to students at the beginning of each school year and can be requested at any time. Because this handbook contains important information about dress, attendance, grading, and discipline – among many other things – it is suggested that you familiarize yourself with it and keep it available for quick and easy reference. All CMS students are issued an agenda book which we strongly encourage them to utilize. These are excellent reference books and daily planners. They also contain important school information.

You can access the handbook online at

<http://www.tipton-county.com/students.htm>
