

Civil War Battles Research

Research the Topic

Give date the battle began. Give date the battle ended. Who lead the battle on both sides? What were they remembered for? Discuss the impact that this battle had on society.

Construct a research paper and remember to include references used in this paper. Save your references by:

Step 1: Click on the Address in the Address bar.

Step 2: Edit, Copy. Open Word XP.

Step 3: Edit, Paste the URL into the word document.

Step 4: Save this document called research references. As you find web pages that have information pertaining to your topic, select the Address URL, Copy, and Paste in to Word XP by Edit, Paste in the menu. Remember to SAVE your references.

Being there too many battles to list in the Civil War, I have provided you with a website to find them at. Choose 1 battle and write your research paper (1 to 1 & 1 ½ pages). Remember to use the guidelines in italics above.

The website link you choose your battle's topic from is:
